

Bunkyo City High School Generation Nurturing Support Fund

For the **high school generation**
in **Bunkyo City** with **no income limit**
Up to 60,000 yen will be provided!

Application
Deadline

December 15, 2023 (Friday)

Applications will still be accepted after December 16, but payments will be made separately.

In June 2023, the government announced its “Strategic Policy for the Future of Children,” which included a policy to extend the eligibility age for child allowances.

In response, **until the government implements the policy**, we will support the growth of the next generation of children by providing the **city’s original** benefits to **households raising high school students between the ages of 16 and 18.**

We hope that you will understand and support the purpose of this program and use the support fund **to help your child grow.**

See the reverse side for details >

Eligible Persons

- **Children between the ages of 16 and 18 who live in the city**

*Children born between April 2, 2005 and April 1, 2008

*If the child is married, he/she is not eligible for the payment.

*If the child is employed, he/she is eligible for the payment if the guardian shares the same livelihood as the child.

Applicants

- **Guardians of an eligible child**

*If the eligible child is 18 years old, he/she may apply in person or through a parent or guardian.

Eligibility Period and Payment Amount

- **Eligibility period** Twelve months from April 2023 through March 2024 (planned)

- **Payment amount** 5,000 yen per month
Up to 60,000 yen per year

- **How to determine the payment amount**

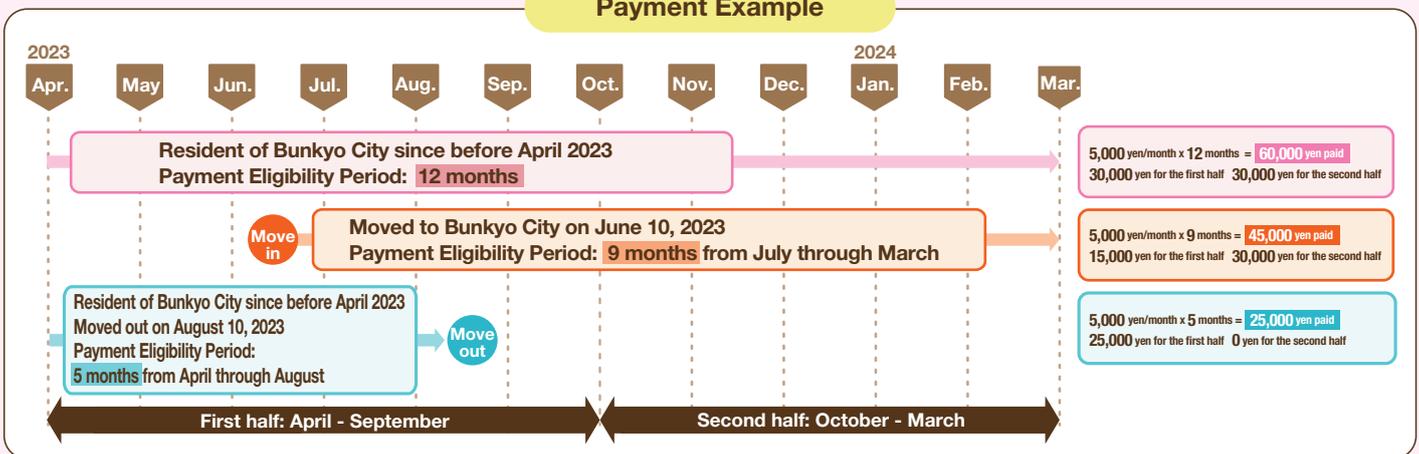

5,000 yen/month x number of eligible months = payment amount

Please see the “Eligible Persons” and “Applicants” sections above for details on the requirements.

*Eligibility is determined based on the situation **as of the first day of each month**.

*Those who moved in or out of the city during the period are also eligible.

Payment Example

Payment Period

- **Divided into two payments, one for the first half and one for the second half.**

- Lump-sum payment for the first half (up to 30,000 yen) in February 2024 (for applications received by December 15, 2023)

*Applications will continue to be accepted after December 16, but payments will be made separately.

- A lump-sum payment for the second half (up to 30,000 yen) in May 2024

*The payment amount for the second half is a planned amount. It will be announced separately on our website once the budget for FY 2024 is finalized.

Only one application is okay
